

Thursday, September 22

8:00 AM	Bob Trentham	University of Texas - Permian Basin (UTPB)	<i>TMBR-Sharp/Staley #2-22 Ligon St: An Example of lower Cherry Canyon Age Tectonism</i>
8:25 AM	Jana Bachleda	RevoChem	<i>Optimizing Stacked Reservoirs by Integrating Geochemically Derived Reservoir Properties and Drainage Profiles with Other Diagnostic Tools – Case Studies in Delaware Basin</i>
8:50 AM	Kelsey Call, Forrest Mattox, Dylan Wiemer	Diamondback Energy, Inc	FEATURED PRESENTATION: Flow or no Flow: How Geological Influences Effect Wellbore Designs in Over-Pressured Injection Intervals
9:40 AM	Alton Brown	Independent	<i>Upper Artesia Group Correlations and Lithology Distribution on the Northern Shelf: Implications For Updip Pinchout Trapping</i>
10:05 AM	Break - Coffee Bars Sponsored by:		Schlumberger
10:25 AM	Jamar Bynum	BakerHughes	<i>EOR Revitalization of Vintage Plays through Reservoir Characterization Reassessment and Dynamic Reservoir Modeling</i>
10:50 AM	Thomas Demchuk	PetroStrat	<i>The Significance of Palynofacies (Kerogen) Analysis in Paleoenvironmental and Geochemical Determinations, With Particular Reference to the Delaware Basin</i>
11:15 AM	Michael Schult	Diamondback Energy, Inc	<i>Using Disposable Fiber to Monitor Simulfrac Stimulation Fracture Growth and Improve Completions Development Strategies</i>
11:40 AM	George Asquith	Texas Tech University	<i>Vuggy Carbonates and the Importance of Sonic Logs - Permian San Andres Example</i>
12:05 PM	Dave Cannon		<i>Closing Remarks</i>
12:10 PM	Mike Party	Beryl Oil and Gas	NETWORKING LUNCHEON: How to Build a Company with Lots of Ideas but a Small Amount of Cash
<u>Morning Posters</u>			
	Sandra Barrera	UTPB	<i>South Central Netherlands Basin</i>
	Bryan McDowell	Sabata Energy Consultants	<i>Dark Data and Where to Find It in the Permian Basin</i>
